# NZCETA SALES POLICY

**Please note that all CETA resources are produced using Microsoft Windows XP**

## Ordering Resources from NZCETA

All prices are GST inclusive.

The order form lists all the new resources which are described in the newsletter.

Only use the correct order form. Orders will be accepted via email, fax or post – no telephone orders are acceptable. If payment is not attached, a school order number must be given.

When ordering resources from the CETA catalogue, write the name and number of the resource in the blank space provided at the end of the order form.

Resources are available on disk or USB keydrive with the exception of booklets & posters which can be ordered as hardcopy. Preference must be indicated on the Order Form

When an order is received CETA prepares a Tax Invoice, including the CETA GST number. If payment accompanies the order, the invoice is stamped 'Paid', if not it is stamped "Payment Due within Seven Days".

The invoice is sent with the order.

**Members' differential:** to take advantage of the differential we offer to CETA members, it is essential that you complete the appropriate section on the order form with your membership number. To receive this differential the order must be made by a member and not on behalf of another person, or by quoting another member's number. We know that members appreciate this differential, and we are keen to continue our policy, but we must ensure that it is not abused, or it will be necessary to reconsider.

## Delivery of Resources

**All resources are sent using courier services.**

Postage fee: **A flat fee is payable on all orders to cover courier and processing costs. Please remember to include this in the order total.**

Courier service: **The courier service CETA uses requires all mail to be addressed to a street address. For this reason, it is essential to supply a school street address on all resource material orders. A post office box or private bag is NOT acceptable.**

## Payment for Resources

**Any items purchased on credit must be paid no later than the 20<sup>th</sup> of the month following purchase.**

Please make cheques payable to NZCETA and crossed Not Transferable.

CETA would like to encourage members and schools to use direct crediting when paying for subscriptions, professional development, and resource purchases.

Schools will need to send a Direct Credit Authorisation Form to CETA for bank account details. Please note that if this type of payment is used it is essential to indicate what the payment is for, example "resources", "PD", "subs – name of member".

All prices include GST.

## Moderation/Evaluation

All CETA Achievement Standard and Unit Standard resources have been checked by experienced subject experts. Please note that this is not an official NZQA moderation.
